Performer Name: _____

H&R Funds No: _____

Calendar Year: _____

Employer Name	Work Type	Performance Date	Earnings Amount
		TOTAL	

This spreadheet is designed to help you keep track of your annual earnings for AFTRA-covered work. Each spring, AFTRA H&R mails Earnings Statements to performers who are registered with AFTRA H&R. Each Earnings Statement lists earnings and contributions for the previous calendar year that were reported to AFTRA H&R by employers on the performer's behalf. When you receive your annual Earnings Statement, please review it carefully. If the reported information on your Earnings Statement does not match your records, report any possible discrepancies to AFTRA H&R immediately. To learn about required documentation to report an earnings discrepancy, to download an Earnings Discrepancy Form or for additional information about annual Earnings Statements, visit *www.aftrahr.com* ("Participant toolkit" | "Earnings Statements").
